With the Econo seat AvFab offers optional Headrests, Underseat Storage Bars, Armrests, and Upholstery.

# DIMENSIONS

# GREEN CONDITION

**Description:** AvFab's King Air Econo Seat is our sleek, airline style, high density commuter seat that allows for up to 9 passengers in a King Air 200 and 11 passengers in a B300. The seats are extremely robust and are being used world-wide in the most demanding conditions and environments. Weighing only 22lbs, their strength to weight ratio is unmatched. No requests for spare parts or repairs have been made. Delivered in "green" ready to be finished condition. Upholstery is available.

**Model:** All King Air Models (except 90 series)

**Options:** Headrest, Armrest, Underseat Storage Bar, Leather Upholstery

**Features:** Includes - seat, lap belt, life vest pouch, life vest, and cushions. Various floor plans are available.

**Approvals:** Federal Aviation Administration Parts Manufacture Approval (PMA) and Supplemental Type Certificate (STC). This eliminates the need for field approval.

**STC:** SA2774CE, SA2775CE, SA2776CE, SA2777CE

**BRAZIL:** 2019S12-10 (200 & 300 Series)

**CANADA:** C13-0259, SA16-39 (99, 100, B300, B300C)

**CHINA:** VSTC0744 (B300 & B300C)

**EASA:** 10032446 (200 & 300 Series)

**INDIA:** 07-11/07-RD (part I) Vol-II (B200GT)

**NIGERIA:** P.M.B. 21029, 21038 (200 & 300 Series)

**MEXICO:** IA-294/2014 (200 & 300 Series)

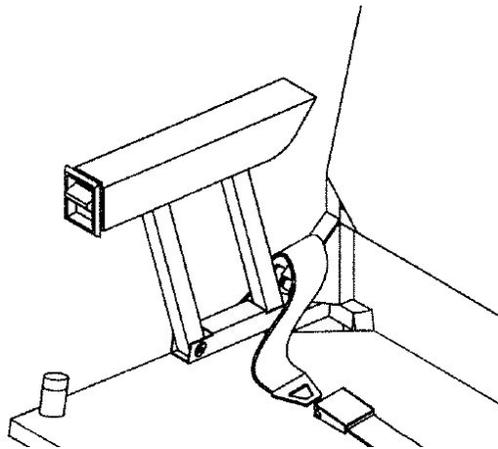

**RUSSIA:** CT80-300 (B300 & B300C)

**Installation:** No airframe modification is required other than removing the existing seats and furnishings, and sliding the new high density seats onto original seat rails (complete installation instructions, diagrams, and weight and balance information are included in the kit). On some models, a table plug is recommended for aesthetic purposes.

# GREEN CONDITION

**Description:** AvFab's Traveler Seat is engineered for lightweight durability, affordability, and maximum capacity. It was designed to enhance the ease of occupant ingress and egress, by increasing leg, knee, and foot room. The seats are extremely robust and are being used world-wide in the most demanding conditions and environments. Weighing only 22lbs, their strength to weight ratio is unmatched. No requests for spare parts or repairs have been made. Delivered in "green" ready to be finished condition. Upholstery is available.

**Model:** All King Air Models

**Options:** Headrest, Armrest, Underseat Storage Bar, Leather Upholstery

**Features:** Includes - seat, lap belt, life vest pouch, life vest, and cushions. Various floor plans are available for both forward and aft-facing Traveler seats.

**Approvals:** Federal Aviation Administration Parts Manufacture Approval (PMA) and Supplemental Type Certificate (STC). This eliminates the need for field approval.

**STC:** SA2774CE, SA2775CE, SA2776CE, SA2777CE
