KING AIR INTERIOR UPGRADE

WE PUT THE  
**SOURCE IN YOUR RESOURCE:**  
YOUR COMPLETION CENTER, OUR MATERIALS.

When you upgrade to the Monarch Interior Upgrade, people notice. You get a cleaner design, along with improved functionality to enhance the interior of your King Air B300.

Developed by the aviation experts at AvFab, the Monarch allows you to update your King Air to the current industry standard for a fraction of the cost.

# ROYAL SIDE LEDGE SYSTEM

The Royal Side Ledge is the heart of the Monarch Upgrade. This new style drink rail table system is sure to turn heads and provide a more modern look to the entire cabin. With deeper cup holders and a sharper finish this is a must-have upgrade.

## FEATURES:

- Sculpted Sidewalls mirroring the factory new King Air 360
- Customizable finish and upholstery in coordination with interior completion center

# REGAL WINDOW SHADES

The AvFab Regal Window Shades make your King Air the coolest plane on the ramp. With as little as 4 percent light transmission, and heat reflection up to 75 percent. Insulating properties reduce heat loss by 20 percent. They can also be left in the closed position at all times, unlike the OEM polarizers. The shade material itself can be changed under 30 seconds. Each set comes with a 5-year warranty which is unmatched in the industry.

## FEATURES:

- 5 Year Warranty
- Window Shades can be left in the closed position at all times to keep your cabin cool
- Design mirrors the factory new King Air 360

# CROWN HEADLINER

What else would you call the headliner to the Monarch Upgrade except for the Crown? Fit for a King, and made out of composite materials this instantly modernizes the cabin.

## FEATURES:

- Clean headliner design that mirrors the factory new King Air 360
- Allows for customizable LED light scheme in coordination with interior completion center.
