

Citation Divan and Couch Catalog

Citation 500-560 Divans

Description: Nothing transforms a Citation interior like a side-facing divan! Divans provide a modern, open, comfortable atmosphere and in many cases, will allow you to accommodate additional passengers. Delivered in "green" condition without upholstery.

Part Number:	42-0145	1-Place	Custom length from 18" to 24"
	42-0146	2-Place	Custom length from 36" to 48"
	42-0147	3-Place	Custom length from 54" to 72"
		4-Place	Use two each 2-Place divans end to end

Applicable Aircraft: Citation models 500, 501, 550, S550, 551, and 560 (not including Encore)

Features: Quick disconnect is frame mounted, no need for airframe modification.

Options: Stowable armrest, collapsible armrest, and box end armrest with drink holder, may be added to either end, and plug in armrest can be added to ends and middle. Composite Close-out panels with doors, Composite Drawers, and Inertia reel shoulder harness

Installation: Installation involves the removal of existing seat(s) and furnishings, locating the new divan or divans in the desired location, and drilling anchor holes in the seat track. Detailed instructions, diagrams, and weight and balance included.

Approval Type: Federal Aviation Administration Parts Manufacture Approval and Supplemental Type Certificate (eliminating the need for field approval).

STC Number:

U.S. FAA:	SA4054SW
Canada:	STA SA95-107
EASA (Austria):	ACG.21NE.094
Brazil:	2002S12-03 500, 550, and S550
	2002S12-04 501 & 551
Switzerland:	Letter of Acceptance

Lead Time: Divans are custom-built for each customer, as the length can vary according to the objective of each installation. We are proud of our 2 week lead time reputation. However, fluctuations in demand may cause up to a 30 day delivery delay.

Citation 560 Encore Divans

Part Number: 42-0323K 2 place divan, 39 inch
 42-0326K 2 place divan, 45 inch
 42-0328K 1 place divan, 24 inch

Applicable Aircraft: Citation 560 Encore, Serial Number 539 thru 5000

Features: Includes divan, seat belts, shoulder harness, seat track fittings, floor track, life vest, comprehensive installation instructions, and STC

Options: Composite close out panels

Installation: The only airframe modification is accomplished by installing seat track in the forward area of the cabin just aft of the forward divider or closet (8 man hours). The divans are installed on the forward right side of the airplane. Either divan is approved for occupancy during all phases of flight

Approval Type: Federal Aviation Administration Parts Manufacture Approval and Supplemental Type Certificate (eliminating the need for field approval).

STC Number: U.S. FAA: ST01139WI
 EASA: IM.A.S.02168
 Brazil: 2002S12-02

Lead Time: Typical lead-time for these divans is 14 days after receipt of purchase order. However, fluctuations in demand may cause up to a 30 day delivery delay.

Citation 650 Divans

Description: Nothing transforms a Citation interior like a side-facing divan! Divans provide a modern, open, comfortable atmosphere and in many cases, will allow you to accommodate additional passengers. Delivered in "green" condition without upholstery.

Part Number: 42-0238 1 place divan, 21 inches long
 42-0237 2 place divan, 41 inches long
 42-0226 3 place divan, 61 inches long

Applicable Aircraft: Cessna Citation 650, Citation III, Citation VI, and Citation VII

Features: The kit is complete except for upholstery, including all divan parts, seat belts, life vests, detailed installation instruction, diagrams, weight and balance data, and STC. The kit requires AvFab part number 42-0287K shoulder harness kit.

Options: Plug in armrest
 End armrest box with drink holder
 Underseat storage drawers
 2 each 2 place divans can be installed to make the divan 4 place

Installation: The divan is installed on the existing Citation seat tracks. The kit includes all divan parts, detailed installation instruction, diagrams, weight and balance data, and STC.

Approval Type: Federal Aviation Administration Parts Manufacture Approval and Supplemental Type Certificate (eliminating the need for field approval).

STC Number: U.S. FAA ST01262WI
 EASA IM.A.S.02007

Lead Time: Typical lead time for the divan kit is 14 days ARO. However fluctuations in demand may cause up to a 30 day delivery delay.

Installed Citation Divans

Citation Aft Couch

Description: Want to stretch your Citation cabin and give it some real leg-room and breathing room? AvFab has the only FAA approved solution. Our Aft forward-facing couch kit includes everything necessary for installation. Comprehensive installation instructions, hardware, oxygen components, additional light and vent outlets, quick-change components, placards, etc. Divan can be delivered with or without upholstery. Kit has the ability to increase the legal seating maximum.

Applicable Aircraft: AvFab #90500 Citation 500, Citation 501, Citation I, and Citation ISP
 AvFab #90530 Citation 550, Citation 551

Features: All Seats individually recline 20 degrees

- Center Seat folds forward for easy access to baggage and can be used as an armrest when the center seat is not occupied.
- Can be used in lieu of existing aft cabin seats to gain maximum leg room and comfort for the aft passengers.
- #90500 can increase seating maximum from 7 to 11.
- #90530 can increase seating maximum from 11 to 13.

Options: Various floor plans available

Installation: Even though the installation process is different for the different models, as estimated 80 man hours are required.

Approval Type: Federal Aviation Administration Part Manufacture Approval and Supplemental Type Certificate (eliminating the need for field approval).

STC Number: U.S. FAA SA58RM Citation 500 & 550 series
 SA117RM Citation 501 & 551 series

Lead Time: Typically, 3 weeks is sufficient to produce a customized kit.
